

## **Precision Agronomist – Summer Intern**

**INTENT** is an agriculture software and services company, founded in 2016, that supports the realization of new innovations by connecting customers in agriculture, and those investing in agriculture, with farmers. INTENT helps clients unlock growth by focusing on comprehensive data, farmer experience, go-to-market strategy, and digital innovation. Every summer, we manage product trials on farms across the Midwest, and we are looking for summer interns to help us manage some of our trial locations.

### **Essential Job Duties**

- Visit and manage field trials
- Travelling 2-4 days a week to complete on-farm field visits
- Complete necessary in-field tasks
- Farmer communication and relationship management
- Data collection assistance
- The hours will fluctuate depending on the number of visits each week.

### **Ideal Candidate**

- A student with an agriculture background or major
- An entrepreneurial minded individual who is interested in cutting edge products and technology
- An individual willing to travel weekly to different farm locations
- A team player who enjoys working in a collaborative environment
- Comfortable working independent and remote
- A self-starter who can work on different projects and tasks simultaneously

### **Minimum Qualifications**

- Past Agriculture experience
- Agriculture focused major (preferred)
- Must have a valid Driver's License

### **Location Preferred**

- Iowa
- ND, SD, MN
